WORK EXPERIENCE

Front-End Web Developer Intern — Cognixia Tech 2025

- Designed and developed responsive front-end interfaces for a company dashboard and service showcase website.
- Converted Figma concepts into interactive, user-friendly web interfaces and reusable components.
- Collaborated with team members to improve UI consistency, responsiveness, usability, and mobile optimization.

PROJECTS

Jaiza — Hyperlocal Business Discovery & Verified Review 2026 – Present

Platform — Final Year Project

Role: Front-End Developer | Live: <https://www.jaiza.site/>

- Working as the Front-End Developer within a four-member Final Year Project team.
- Developing responsive and interactive interfaces for User, Business Owner, and Administrator dashboards.
- Implementing front-end interactions for business discovery and map-based user experiences.
- Contributing to responsive layouts, interface consistency, usability, map interactions, and documentation visuals while integrating role-based platform functionality.
